Living Leadership 2015 Masterclass DiSC, Leadership, Crisis and Change

The Centre for Theology & Ministry's **Living Leadership 2015 Masterclass: DiSC, Leadership, Crisis and Change** is a one-day workshop that offers participants the opportunity to renew and develop their understanding of leadership in the context of crisis and change through the lens of DiSC. This workshop is *only* open to those who have previously attended a Living Leadership intensive.

To be facilitated by Jenny Byrnes, the Living Leadership 2015 Masterclass will:

- Reinforce your skills and understandings of leadership, DiSC and issues of change within the contemporary Church
- Explore the notion of embodying the gospel in crisis
- Re-engage you in key thinking and strategies concerning leadership
- Support team building and the development of leadership styles
- Renew friendships and support networks

Presented by the Centre for Theology & Ministry's Living Leadership team, this Masterclass will draw on a wide range of understandings to ensure you are best positioned to continue to provide enhanced leadership in times of change.

Your understanding of behaviour through the DiSC lens system will be reinforced and you'll go away with fresh tools for leadership through times of crisis, change and opportunity.

Positive, affirmative and engaging, the Living leadership 2015 Masterclass will empower you in your role as a leader within the Uniting Church.

We'd love to welcome you on 4 September as we continue our learning journey together, so book your spot today.
