LIVING LEADERSHIP

LIVING LEADERSHIP

The CTM recognises the organic and evolving nature of leadership in contexts of challenge and times of change. Engage with us through Living Leadership events that will build capacity, insight and resilience in your leadership.

The Living Leadership program comprises three distinct event types:

Core – providing a foundation for on-going learning, Core covers DiSC, teams & leadership styles; culture, context and conflict; strategic change: and much more. Core offerings are usually provided in an intensive format (1x5 days or 2x3 days) for individuals and teams.

Plus – building on the foundation provided through the Core content, these specialised opportunities serve to extend, expand and further develop earlier learning experiences. Plus events are open to those who have completed the Core component.

Focus – addressing key issues around church governance and leadership in an inter-conciliar context, Focus offerings are designed especially for those who are part of Uniting Church congregational or regional leadership teams or councils.
