

Getting Ready!

Implementing the Victorian Child Safe Standards

Victorian law requires organisations, including churches, that engage with children, to meet the Victorian Child Safe Standards by 1 January 2017.

Whether you are wondering where to start or are already on the journey toward implementation, the **Getting Ready!** one-day workshops will enable you and your congregation to:

- Grow in your understanding of the Child Safe Standards and Principles
- Develop your process for implementation of the Child Safe Standards
- Increase your awareness of the available support and resources

Getting Ready! is an ecumenical event suitable for church leadership teams, ministry teams and individual leaders engaged in ministry with children and their families. Ideally, participants will attend with others from their church team.

WHEN & WHERE:

Wed 19 Oct 10am-3pm
South/East Venue Donvale Presbyterian Church
5 McGowans Rd Donvale

Fri Oct 21 10am-3pm
